

#### Suppliers have 10 business days to complete registration.

Suppliers must register and receive credentials to the Apex Supplier Portal PRIOR TO submitting any invoices to Chick-fil-A. Chick-fil-A cannot make payment to a supplier unless registration is complete.

The registration email should be directed to whomever has access to the financial information for the supplier's business, such as an accountant or controller.

Follow the instructions in the email to begin the registration process.

Dear

You are receiving this message because your company will be or has recently begun doing business with Chick-iii-A. Prior to submitting invoices and to be paid, you are required to register in our Apex Supplier Portal and complete your profile.

If you have any questions or need assistance, please contact us at <a href="CFASUPPLIERS@PORTAL.CHICK-FIL-A.COM">CFASUPPLIERS@PORTAL.CHICK-FIL-A.COM</a>.

On the home screen you will see a place to type in the username and password in the top right of the screen.

Enter the **username** and **password** provided in the email invitation, then click **Log In**.

2

On the next screen, you will see additional security settings that must be established.

Enter the authentication code that was sent to your email. This establishes two factor authentication on the account.

Choose security questions and type in your answers.

These two steps ensure the account stays secure.

Establish your password.

Once Step 1 and 2 are complete and the submit button is clicked, a new pop-up screen will appear that tells the supplier that they will need to create a new password.

Passwords in Apex follow **specific requirements**. After entering the provided password from the **original** email into the current password field, you will create a new, unique password for the account.

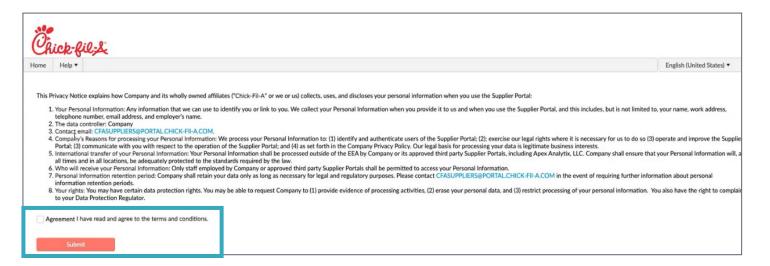

On the next screen, select the supplier country of residence and click **Submit**.

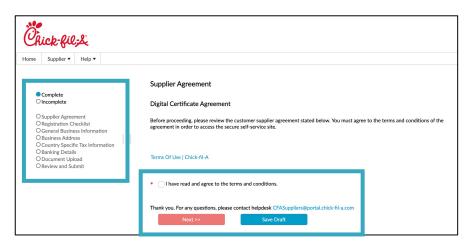

On the next page is the Chick-fil-A privacy notice. Read this notice and check the **Agreement** box. Then click **Submit**.

The types of information that will be needed to update the profile are on the left side of the screen. You will need to go through each screen, ensuring that any information with a red asterisk is completed.

Read the Terms of Use and click the box indicating you've read them. Click **Next** to proceed.

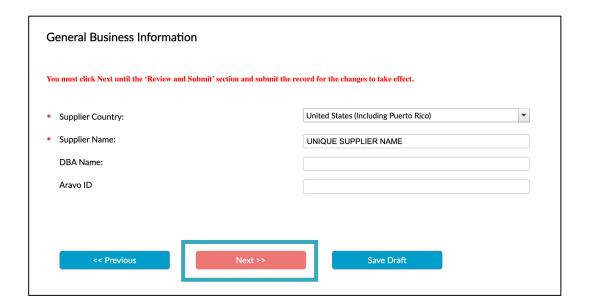

You may click **Save Draft** to save and enter data at a later time.

On the General Business Information page, you will see pre-populated information. Verify the supplier name is correct and click **Next**. If the supplier name is not correct, update to the correct supplier name.

8

For the Business Address section, you must enter at least one physical address and one remit address. Click the **Edit** button next to each of the items and enter the address information on the pop-up screen.

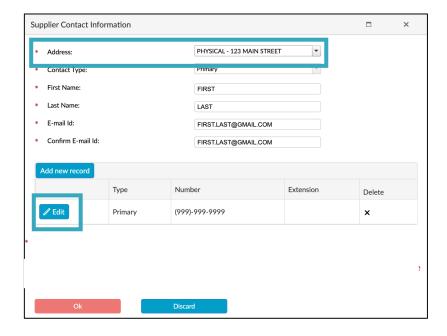

9

For the Supplier Contact section, you must have at least one primary contact. You will see your name pre-populated in this section. You MUST click the **Edit** button and complete the information in the pop-up screen in order to proceed.

You may also click Add new record to add more users to your account. This can be used for users who may need to review invoice and payment status but may not need to see banking information.

On the pop-up screen, you must select an Address. Click the **Edit** button and enter the phone number for the specific contact. Click **Ok**.

10

On the Country Specific Tax Information page, complete all fields with a red asterisk.

When you select the Tax Reporting Country, you will see specific tax information that is required in the "Add New Tax Information" section. You must complete the information by clicking Edit.

Make sure that the Validation column indicates OK before proceeding. If it does not say OK, you may have entered incorrect tax information.

As you scroll down, you may see additional information required. Complete any required information that is indicated with a red asterisk. Then click **Next** to proceed.
